

**The 26B-FOB-10 Prox Fob** is a proximity keyfob offering proximity technology in a convenient, pocket size device. It easily attaches to a key ring, badge clip or lanyard. The 26B-FOB-10 Prox Fob is built to withstand harsh operating environments or handling.

The 26B-FOB-10 Prox Fob is suited for use in access control applications where a Photo ID is not required.

- Offers universal compatibility with most proximity readers.
- Provides an external number for easy identification and control.
- Can be placed on a key ring for convenient entry.
- Offers over 137 billion codes.

**Features:**

**Reliable Technology:** Offers extremely consistent read range. Unaffected by body shielding or variable environmental conditions, even when close to keys and coins.

**Small:** Can be carried with keys in pocket or handbag.

**Security:** Offers over 137 billion unique codes.

**Long Life:** Passive, no-battery design allows for an infinite number of reads.

**Durability:** Strong, flexible and resistant to cracking and breaking.

**Specifications:**

**26B-FOB-10**
