- Customizable Video Walls for Each Administrator

### CAMERAS

- Family of Megapixel Cameras
- Day/Night Capabilities
- PoE, 12VDC

### IP VIDEO OVERVIEW

BlueWave Security brings ease-of-use and security to your video surveillance system. BlueWave cameras and NVR's (Network Video Recorder) can cover your assets from every angle. From integration with your legacy systems, to layered administration and live phone support, BlueWave aims to provide top of the line service in the industry. Our system is built to scale from one camera to thousands across multi-site locations.

**Existing legacy systems?** Our standard TTL input/output allows BlueWave to integrate with your current set-up.

**Unsure what cameras go where?** Work with our experienced team to maximize the placement and design of your system.

**High-storage requirements?** Our NVR offers H.265 compression. This can reduce legacy storage space by up to 75%.

# NETWORK VIDEO RECORDER

BlueWave NVRs range from 4-32 channels and have built-in storage. With plug and play easy connection, set up has never been easier.

## FEATURES:

Built-in PoE Switch

Data Backup in AVI & MP4

Up to 5MP Real Time Recording

Advanced Search (Time, Event, Thumbnail, Text, etc.)

Additional TB Available Upon Request

## BLUEWAVE CAMERA LINE

Each BlueWave camera is equipped with the latest capabilities on the market. They are ONVIF compliant which allows versatility for your organization's future growth. For power, you have the flexibility of Power over Ethernet (PoE) or 12VDC. Auto exposure and white balance come standard, as well as triple stream communication (H.264, MPEG4, MJPEG) to allow image data flexibility based on your needs. Each camera has both audio and alarm In/Out ports, and zero configuration time for ease of install.

### 4MP VANDAL DOME CAMERA

Our most popular camera, the 4MP Vandal Dome (IP 66) is the perfect solution for your surveillance needs. Monitor your assets 24/7 from a Wide-Dynamic Range camera that has coverage up to 100 feet.

#### FEATURES:

True Day/Night

2MP or 4MP Full Resolution, 25/30 FPS

Motorized Varifocal 2.8 ~ 12mm Lens

### 12MP FISHEYE DOME NETWORK CAMERA

The 12MP Fisheye Camera is the most versatile camera on the market today. With a 360 degree, birds eye view of your facility, the fisheye provides maximum visual coverage from a single source.

#### FEATURES:

True Day/Night

12MP Resolution, 12.5/15 FPS

Built-in Dewarping

### 4MP BULLET CAMERA

For outdoor surveillance, the 4MP Bullet Camera is the ideal solution for long-range visualization. Equipped with infra-red technology, the bullet provides coverage up to 100 feet even in unlit spaces.

#### FEATURES:

True Day/Night

2MP or 4MP Resolution, 25/30 FPS

Motorized Varifocal 2.8 ~ 12mm Lens

“

We went with BlueWave because it is a reliable product that can scale. The installation was simple, and we know their support team is behind us.

Jim Frager, Streetlights Residential

### INDOOR DOME NETWORK CAMERA

The Indoor Dome Network Camera exceeds expectations in monitoring your interior spaces. With a high resolution and wide dynamic range, you will have full visualization on your assets up to 25 meters.

**FEATURES:**

True Day/Night

2MP or 4MP Full HD Resolution, 25/30 FPS

Fixed 3.7mm Lens

### PAN-TILT-ZOOM (PTZ-20X) Camera

The PTZ Camera is ideal if you are looking for a hands-on surveillance solution. Fit for both indoor and outdoor spaces, the PTZ allows you to set surveillance paths and monitor a larger range from one source.

**FEATURES:**

True Day/Night

Optical Zoom 20x, Digital Zoom 12x

Motorized Pan/Tilt Control

**BlueWave Security was founded in 2005 and is a leader in developing end-to-end, IP-based physical access control and video solutions. We have a national network of certified installers and thousands of end users from retail, to education and healthcare. BlueWave controllers and BlueView software are made and supported in the U.S.A.**
