- ➔ Passive, no battery design allows for infinite reads

## GOT CARDS?

Whether you are looking for your initial order for a new installation or you want to place a restock order, BlueWave Security has what you need.

### Proximity Cards/ Fobs

BlueWave proximity credentials provide reliability and convenience to your access control system. With compatibility across a variety of readers, our cards and fobs can easily be integrated with an existing system, or be seamlessly added to a new install. By offering Clamshell, ISO print-ready, keyfobs and PVC adhesive disks, we are confident that we can find the perfect card solution for your needs.

### Custom Cards

BlueWave Security offers design and printing services to create a custom card upon request. Contact Sales today for details and to get a quote at [sales@bluewavesecurity.com](mailto:sales@bluewavesecurity.com)

### Card Management Services

Avoid duplicate card numbers and headaches by having BlueWave Security provide your card management services. We will manage facility codes, number sequences and more. Simply email us the quantity desired and we will do the rest.
